FORD BESTS BIG TRUCK.

A savage encounter between a little Ford machine and a big new motor truck was staged Sunday afternoon in East Paris, the Ford coming out victorious, with a few slight bruises, while the big truck was considerably damaged. The two machines were coming in opposite directions. The driver of the Ford, thinking the big machine had plenty of leeway, steered a little bit too close and struck the truck, which was going at a moderate speed. The truck was overturned and damaged, but the driver was comparatively unhurt. Neither driver was hurt in the smash-up. The Ford proceeded on its way, while the big truck had to be sent to a local garage for repairs.
